

Certificate/Declaration/Undertaking
from Head of the College

It is certified that, in the first year of engineering courses (B.Tech.), reservation of seats is as per the JEE Mains (Govt. of India) policy. As in this metric of SSR, enrolment of first semester students is needed to consider only (and not the Lateral entry admissions), so we uploaded the correct document (JEE documents) showing the details of reservation of seats in first year/semester.

However, for the information of DVV partners, we are also attaching the 'Odisha Joint Entrance Examination (OJEE) information brochures which clearly shows that it is applicable to only Lateral entry admission in engineering (B.Tech.) courses and not the first year of admissions.

21/8/23.
