**Background:**

Cyber law deals with the legal aspects of cyberspace, the internet, and computing. In a broader view, cyber law handles the issues of intellectual property, contract, jurisdiction, data protection laws, privacy, and freedom of expression in the digital space.

In order to attract provisions of this Act, such an offence or contravention should involve a computer, computer system, or computer network located in India. The IT Act 2000 provides an extraterritorial applicability to its provisions by virtue of section 1(2) read with section 75. This Act has 90 sections.

**IDCO Plot No-1, Khordha Industrial Estate, Bhubaneswar**

I am writing to express my sincerest appreciation to you and your team for inviting me to speak about "Cyber Law" to your students on 10.07.2020. It was an honour and privilege to be given the opportunity to share my experience and knowledge with the students of your esteemed college.

The experience of speaking to your students was truly rewarding for me. The level of engagement and interaction from the students was outstanding, and I greatly enjoyed the insightful questions and comments that were raised during the session. The enthusiasm and interest displayed by the students are a testament to the quality of education provided by your college.

I commend your college for its commitment to providing a well-rounded education to its students. The opportunity to speak at your college allowed me to contribute to this mission and promote education, particularly in the field of law. I'm sure the students have benefitted greatly from the discussion, and I hope that the information I shared motivated them to achieve their goals.

Once again, thank you for giving me this opportunity to speak to your students. It was a memorable experience for me, and I'm glad I could contribute to your stellar program. I look forward to collaborating with you and the college in the future.

Sincerely,  
Nityananda Pradhan
