ABOUT THE AUTHORS

Mr. Alok Natha is an Assistant Professor in the Department of Computer Science and Engineering at Radhakrishna Institute of Technology and Engineering, Bhubaneswar, Odisha. He has over 15 years of teaching and 5 years of research experience at the undergraduate and postgraduate levels. His research interests include Natural Language Processing, Machine Learning, Image Processing, Performance Modelling, and Software Testing. He has published extensively in national and international journals and successfully implemented a GSM-based OTP mechanism for banking applications. Mr. Natha holds a BCA and M. Tech from Utkal University, a MCA from Bangalore University, and is currently pursuing a Ph.D. in Computer Science and Engineering at C. V. Raman Global University, Bhubaneswar.

Nishanta (MTECH(TT) Microsoft AI 102 Certified)

Nishanta is an IT professional having more than 18 years of industry experience with TCS, Bhubaneswar, Infosys Limited, Cognizant, HCL Technology in Java, Python, Automation Testing and AI and ML hands-On experience, wants to help students with the knowledge of fundamental principles of AI and ML. He is a renowned author of the book "Advances of Python" available in Amazon, Flipkart. He is a speaker, Corporate Trainer, Mentor and *Microsoft AI 102 certified professional*.

Er. Subhasis Mohapatra is currently serving as an Assistant Professor in the Department of Computer Science and Engineering at DRIEMS University, Cuttack, Odisha. He holds both B.Tech. and M.Tech. degrees in Computer Science & Engineering from Biju Patnaik University of Technology (BPUT), Rourkela, Odisha, and is presently pursuing his Ph.D. in Computer Science & Engineering at Sri Sri University, Cuttack. With over 16 years of academic experience and 5 years in the industry, Er. Mohapatra brings a rich blend of teaching, research, and practical expertise. He has authored four journal publications, two patents, and numerous papers in Scopus-indexed conferences. He is also the co-author of five books, which explore key areas such as the Internet of Things (IoT), Machine Learning,

MATLAB Simulink & Applications, Algorithm Design Techniques, and UNIX Shell Programming. His research interests span a wide range of domains including Soft Computing, IoT, Java, Search Engine Optimization (SEO), Web Design, Machine Learning, Algorithm Design and Analysis, and Artificial Intelligence. His current work focuses on developing hybrid machine learning models for meteorological forecasting and disaster prevention, quantum computing, usability in human-computer interaction, web-based health monitoring, and text mining.

Supriya Sahoo is an Assistant Professor in the Department of Computer Science and Engineering at Radhakrishna Institute of Technology and Engineering, Bhubaneswar, Odisha. Her research interests primarily lie in the domains of Image Processing and Natural Language Processing (NLP), where she focuses on developing intelligent computational models for data understanding and digital transformation. With a strong foundation in computer science and emerging technologies, she aims to contribute to interdisciplinary research bridging artificial intelligence, language technologies, and visual analytics. Her academic pursuits reflect a deep commitment to innovation, knowledge dissemination, and the advancement of AI-driven solutions for societal and technological growth. She has held a

Bachelor of Computer Applications (BCA) degree from Utkal University, Odisha (2020–2023) and completed her Master of Computer Applications (MCA) from KIIT University, Bhubaneswar, Odisha (2023–2025)

MACHINES AND DEEP LEARNING DEMYSTIFIED, FROM STEPS TO EXPERT PRACTICE

**ALOKA NATHA, NISHANTA RANJAN NANDA,
SUBHASIS MOHAPATRA & SUPRIYA SAHOO**

A Textbook of

Composite Materials

Dr. Ashes Maji is a National Fellow, Visiting Professor, Department of VIT-VEP, Vellore, Tamil Nadu. He has extensive experience in teaching and research in the field of composites, particularly in the area of polymer matrix composites.

Mr. N.S. Vijaykumar is a Senior Lecturer, Department of Mechanical Engineering, Anna University, Chennai. He has published several papers in the field of composites and has worked on various projects related to composite materials.

Dr. S. Thirumalvalavan is a Professor of Mechanical Engineering, Anna University, Chennai. He holds a Ph.D. in Chemical Engineering and has published several papers in the field of composites.

Dr. Chandrabhanu Malla is a Professor of Mechanical Engineering, Anna University, Chennai. He has published several papers in the field of composites and has worked on various projects related to composite materials.

This work stands as a valuable contribution to the literary world, encompassing thoughtful expression, creative insight, and dedication to the art of writing. Whether through fiction, poetry, nonfiction, academic research, or any other genre, the author has demonstrated a commendable commitment to sharing knowledge, imagination, and inspiration with readers.

We congratulate the author on this significant achievement and extend our best wishes for continued success in their literary journey.

ABOUT THE AUTHOR(S)

Mr. Aloka Natha is an Assistant Professor in the Department of Computer Science and Engineering at Radhakrishna Institute of Technology and Engineering, Bhubaneswar, Odisha. He has over 15 years of teaching experience and 5 years of research experience at both undergraduate and postgraduate levels. His research interests include Natural Language Processing, Machine Learning, Image Processing, Performance Modelling, and Software Testing. He has published numerous papers in national and international journals and has successfully implemented a GSM-based OTP mechanism for banking applications. Mr. Natha holds a BCA and M.Tech. from Utkal University, an MCA from Bangalore University, and is currently pursuing a Ph.D. in Computer Science and Engineering at C. V. Raman Global University, Bhubaneswar.

Mr. Nishanta, an M.Tech. (IT) graduate and Microsoft AI-102 Certified, Google GenAI Leader, is an IT expert with more than 21 years of industry experience. He has worked with reputed organizations such as TCS Bhubaneswar, Infosys Limited, Cognizant, and HCL Technologies. His expertise spans Java, Python, Automation Testing, and hands-on AI and Machine Learning. A renowned author of the book "Advances of Python", available on Amazon and Flipkart, he is also a speaker, corporate trainer, and mentor dedicated to empowering students with strong foundations in AI and ML, also holds 3 Indian patents in AI ML area.

Er. Subhasis Mohapatra is an Assistant Professor in the Department of Computer Science and Engineering at DRIEMS University, Cuttack, Odisha. With over 16 years of academic experience and 5 years of industry exposure, he holds B.Tech. and M.Tech. degrees from BPUT, Rourkela, and is pursuing a Ph.D. at Sri Sri University. He has authored multiple journal papers, patents, books, and conference publications. His research interests include IoT, Machine Learning, AI, Soft Computing, and advanced computational models.

Supriya Sahoo is an Assistant Professor in the Department of Computer Science and Information Technology at GIET AUTONOMOUS, BHUBANESWAR, Odisha. Her research interests primarily lie in the domains of Image Processing and Natural Language Processing (NLP), where she focuses on developing intelligent computational models for data understanding and digital transformation. With a strong foundation in computer science and emerging technologies, she aims to contribute to interdisciplinary research bridging artificial intelligence, language technologies, and visual analytics. Her academic pursuits reflect a deep commitment to innovation, knowledge dissemination, and the advancement of AI-driven solutions for societal and technological growth. She has held a Bachelor of Computer Applications (BCA) degree from Utkal University, Odisha and completed her Master of Computer Applications (MCA) from KIIT University, Bhubaneswar, Odisha.
