

About the College

The Radhakrishna Institute of Technology and Engineering (RITE) is a JRG Educational Trust initiative. The trust takes its roots from the life and philosophy of its noted social worker and philanthropist Shri Jagdish Rai ji Gupta. The objective of the trust has been to impart education to all strata of the Indian society and to equate the Indian educated youth with the heights scaled by their counterparts abroad. Apart from this primary objective, the group continues to bear the beacon of social upliftment of the backward sections of the Indian society. The trust is home to a host of eminent members of the Indian intelligentsia which comprise the five founder members.

About the Course

This course covers the most important numerical methods that an engineer should know, including root finding, matrix algebra, integration and interpolation, ordinary and partial differential equations. Numerical methods are extremely powerful problem-solving tools. Numerical Methods use computers to solve problems by step-wise,

repetitive and iterative solution methods, which would otherwise be difficult or impossible by hand-calculations. This add-on certification course is designed to give an overview of numerical methods of interest to scientists and engineers. However, the attention being on the techniques themselves, rather than specific applications, the contents are relevant to varied fields such as engineering, management, economics, etc. This course is planned to introduce the student to basic numerical analysis techniques which are used to solve science and engineering problems. To provide students with experience programming some of these techniques to help them gain familiarity with the methods and the errors associated with them.

Outcomes of Course

By the end of this course, participants will be able to:

- Know the available numerical methods for solution of engineering problems
- Recognize the difference between analytical and numerical solutions

Add-on Certification Course

titled

Numerical Methods for Engineers: Open doors for great careers in industry

(5 Aug. 2019 - 19 Aug. 2019)

Course Coordinator:
Mr. Pravas Chandra Dash

Organized By:

Department of Basic Sciences & Humanities (BSH)

Radhakrishna Institute of Technology and Engineering, Bhubaneswar

(Plot No. 1, Khurda Industrial Estate, Dist: Khurda, Under B.D.A., Bhubaneswar, Bhubaneswar, Khordha, Odisha 752057)

Principal
Radhakrishna Institute of Technology and Engineering, Bhubaneswar
