

About the College

The Radhakrishna Institute of Technology and Engineering (RITE) is a JRG Educational Trust initiative. The trust takes its roots from the life and philosophy of noted social worker and philanthrope Shri Jagdish Rai ji Gupta. The objective of the trust has been to impart education to all strata of the Indian society and to equate the Indian educated youth with the heights scaled by their counterparts abroad. Apart from this primary objective, the group continues to bear the beacon of social upliftment of the backward sections of the Indian society. The trust is home to a host of eminent members of the Indian intelligentsia which comprise the five founder members.

About the Course

There is a growing attention to ethics in engineering practice. Engineers are supposed not only to carry out their work proficiently and skilfully, but also to be aware of the wider ethical and social implications of engineering and to be able to replicate on these. Engineers must have "an understanding of professional and ethical responsibility" and should "understand the influence of engineering

solutions in a global and societal context." This add-on course is designed to provide an introduction to ethics in engineering and technology. It helps engineering students to acquire the competences mentioned in the standard criteria.

Outcomes of Course

By the end of this course, participants will be able to have:

- The ability to recognize social and ethical issues in engineering
- The ability to analyse moral problems in terms of facts, values, stakeholders and their interests.
- The ability to think out different options for action in the light of (conflicting) moral values and the relevant facts.
- The ability to give a moral judgement on the basis of different ethical theories or frameworks including professional ethics and common-sense morality;
- The ability to reflect on different ethical theories and frameworks and to make a decision based on that reflection.

Add-on Certification Course

titled

Ethics, Technology & Engineering

(5 Feb. 2022 - 19 Feb. 2022)

Course Coordinator:

Mr. Amiya Bhusan Baghjadav

Organized By:

Department of Computer Science & Engineering (CSE)

Radhakrishna Institute of Technology and Engineering, Bhubaneswar

(Plot No. 1, Khurda Industrial Estate, Dist: Khurda, Under B.D.A., Bhubaneswar, Bhubaneswar, Khordha, Odisha 752057)
